

Securing Your Journey  
to the Cloud

# Trend Micro™ Titanium™ Antivirus +

Your digital life—protected.

Strong, fast and easy-to-use Trend Micro™ Titanium™ Antivirus + provides protection for what you do online. It's an essential security solution that safeguards you and your computer.

Titanium uses cloud technology to proactively stop viruses, spyware, and other threats before they reach your computer, so it won't slow you down. It's the same technology we use to protect some of the world's biggest businesses. Now, it's available to you.

With Trend Micro Titanium Antivirus +, your digital life is protected.

1 User \$39.95 | 3 Users \$59.95

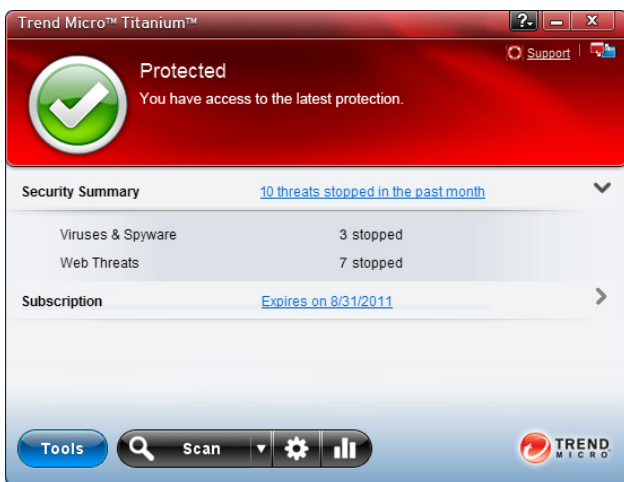

### Key Benefits:

- Automatically stops threats before they reach your computer
- Uses less than half the disk space and memory of competing security products
- Features an intuitive interface that is easy to install and use
- Doesn't hassle you with alerts and pop-ups – set and forget security
- Extends security to your Mac devices

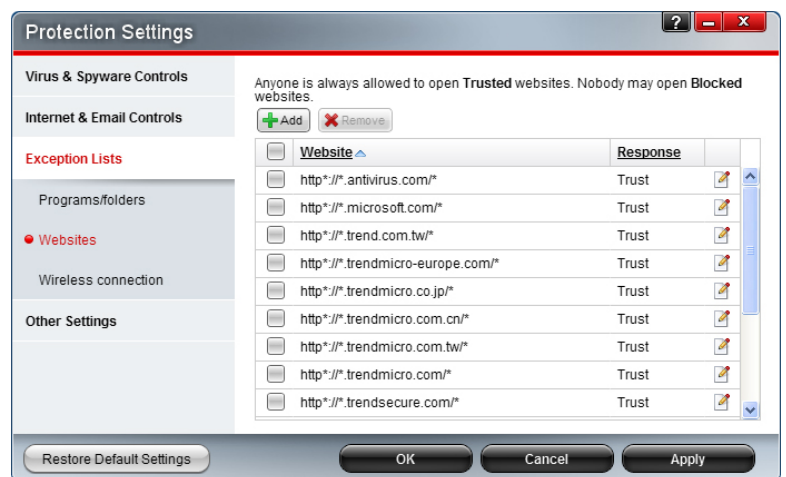

### Strong protection made simple

From the main Titanium console screen, you can run a scan or get up-to-the-minute status reports

### Protection against risky websites

Blocks access to downloads from malicious websites
