Trend Micro™
MOBILE BACKUP AND RESTORE
Backup, restore, smile.

Trend Micro™ Mobile Backup and Restore ensures the information on your Android device is securely backed up in the cloud, available for you when you need it. It features automatic backup of all your data, including photos, music, videos, contacts, calendar, and call and text history. With just a few clicks, you can easily restore your data whenever you like.

Mobile Backup and Restore allows you to backup as many devices as you want or transfer your data to a new device. No worries about monitoring your data plan usage, Mobile Backup and Restore is 3G/Wi-Fi/Roaming-Aware. It only backs up data when under the conditions you set it to.

KEY BENEFITS
Trend Micro Mobile Backup and Restore:
- Easy-to-use with a simple interface
- Provides secure backup in the cloud
- Supports Android smartphones and tablets
- Ensures you can get your data back if and when you need it
- Allows you to get up and running quickly with your data if a device is lost, stolen, or damaged
- Lets you transfer data quickly if you want to upgrade to a new device

How It Works
