

A Fresh Perspective on Cyber Insurance

We've partnered with Trend Micro to bring you one of the most innovative cyber insurance products on the market. Recognising the strength of the Trend Vision One™ platform, we're able to offer intelligent, risk-based cover — uniquely tailored to your actual security posture. Backed by Lloyd's of London A+ rated financial strength, this is cyber protection that's ready when it matters most.

Invision

We've brought together cybersecurity experts, cutting-edge technology, and world-leading insurers to offer a customer focussed solution that reflects how modern businesses manage cyber and privacy risk.

Invision delivers top-tier cyber cover and expert incident response designed around your business.

Trend Micro

We wanted a technical partner that shared our vision for customer focussed insurance. With Trend Micro, we found unmatched expertise, care, and commitment to customers.

Through Trend Vision One™ and Cyber Risk Exposure Management (CREM), we can deliver faster, clearer protection built around what customers already have — with Trend's class-leading security helping us offer stronger cover and better terms.

Why Choose Us

- 

Security-Aligned Coverage

Invision reflects the strength of your cybersecurity posture—using insights from your Trend Vision One™ and CREM environment
- 

Seamless Digital Application

Apply entirely online through an intuitive process that captures everything we need—no friction, fewer follow-ups, just fast, simple access to coverage.
- 

Integrated Incident Response

Incident response services tailored to your Trend Micro protections—speeding up detection, response, and recovery when every second counts.
- 

Straightforward Coverage

We've worked to simplify our policy and processes so you will know exactly how your coverage works including the integrated response provisions.
- 

Expert Support at Every Step

When incidents happen, you won't face them alone. Invision surrounds you with trusted experts from breach responders and legal counsel.
- 

Simple Renewals

Our renewal process is one of the easiest you will find. To reapply, log back into your application, update any changes and resubmit. It's that simple.

Typical Coverages

First Party

- Business interruption losses
- Cyber Extortion
- Reputation Management
- eCrime and Fraud
- Bricking (Hardware Failure)
- Digital Asset Restoration
- Cryptojacking

Third Party

- Regulatory Fines & Penalties
- Legal Defence
- Media Liabilities
- Privacy Violations
- Vendor and Service Providers
- Contingent Bodily Injury

Breach Response

- Forensic Investigations
- System Recovery and Restoration
- Legal Costs
- Credit Monitoring / Notifications
- PR and Crisis

Third Party Protection

30%

30% of cyber incidents involve a third party*. Our cover responds across the board — from business interruption to breach, liability, and loss.

*Verizon DBIR Report 2025

This is cyber insurance done right. Built around you. Powered by data.

Who Can Apply

Security Requirements

Our baseline requirements are designed to ensure security without being overly burdensome — far simpler than many comparable insurance products.

- Trend Vision One Endpoint Security with XDR
- Trend Cyber Risk Exposure Management (CREM)
- Multi-Factor Authentication (MFA) - Remote Access
- Cyber Incident Response Plan
- Protected Backups - Critical Data/Systems
- Security Monitoring (SOC/MDR)
- Annual Cyber Security Awareness Training

*Even if baseline is met, quotes are still subject to underwriting review.

What If I Don't Meet Requirements?

You can still apply for a quote or pricing indication online even if your business doesn't yet meet every requirement. You will then be given time to achieve the baseline requirements if you want to proceed.

Contact Trend Micro at cyberriskdesk@trendmicro.com to discuss significant discounts on Trend Vision One™ products to help you meet our baseline.

More information on helping you meet requirements can be found at: www.invisioncyber.com

Advice & Support

Our US Broker Partner:

We believe cyber insurance should come with clarity, expertise, and support you can rely on. That's why we've chosen to work only with brokers who truly understand the complexity of cyber risk.

One of the leaders in the cyber insurance market, Woodruff Sawyer brings over a century of experience helping clients manage risk through tailored cyber insurance strategies.

You can find out more on our website or visit Woodruff Sawyer directly at <https://woodruff Sawyer.com/>. You can reach out directly to invision@woodruff Sawyer.com

We work closely with our trusted brokers to make your journey as smooth as possible. However, if that isn't an option for you, simply reach out to us directly or ask your broker to get in touch.
