

Notification of Trend Micro's Cash Dividend Policy

Trend Micro announced today that year-end cash dividend policy would be as follows.

We intend to continue to return profits to shareholders based on our net profits on a consolidated basis while striving to enhance financial strength and secure inner reserves in order to deal with the significantly changing business environment and maintain a competitive edge against competitors.

We have continued to pay a year-end dividend on the basis of “a dividend ratio of 60% excluding the effect of stock option compensation expenses” so far. Now we are planning to pay a year-end dividend on the basis of “a dividend ratio of 65%” from FY2011. In terms of absolute cash dividends per share in FY2011 remains to be determined at this time.
